SPLIT PAYMENT

A SPLIT PAYMENT INVOLVES USING MULTIPLE PAYMENT SOURCES TO SETTLE THE WHOLE COST OF A SINGLE TRANSACTION

PROBLEM ↘

In the current market landscape, a singular product encompassing a comprehensive array of financial offerings remains absent.

Both individual users and business proprietors find themselves necessitated to engage with diverse applications or tools to fulfil their distinct financial aims.

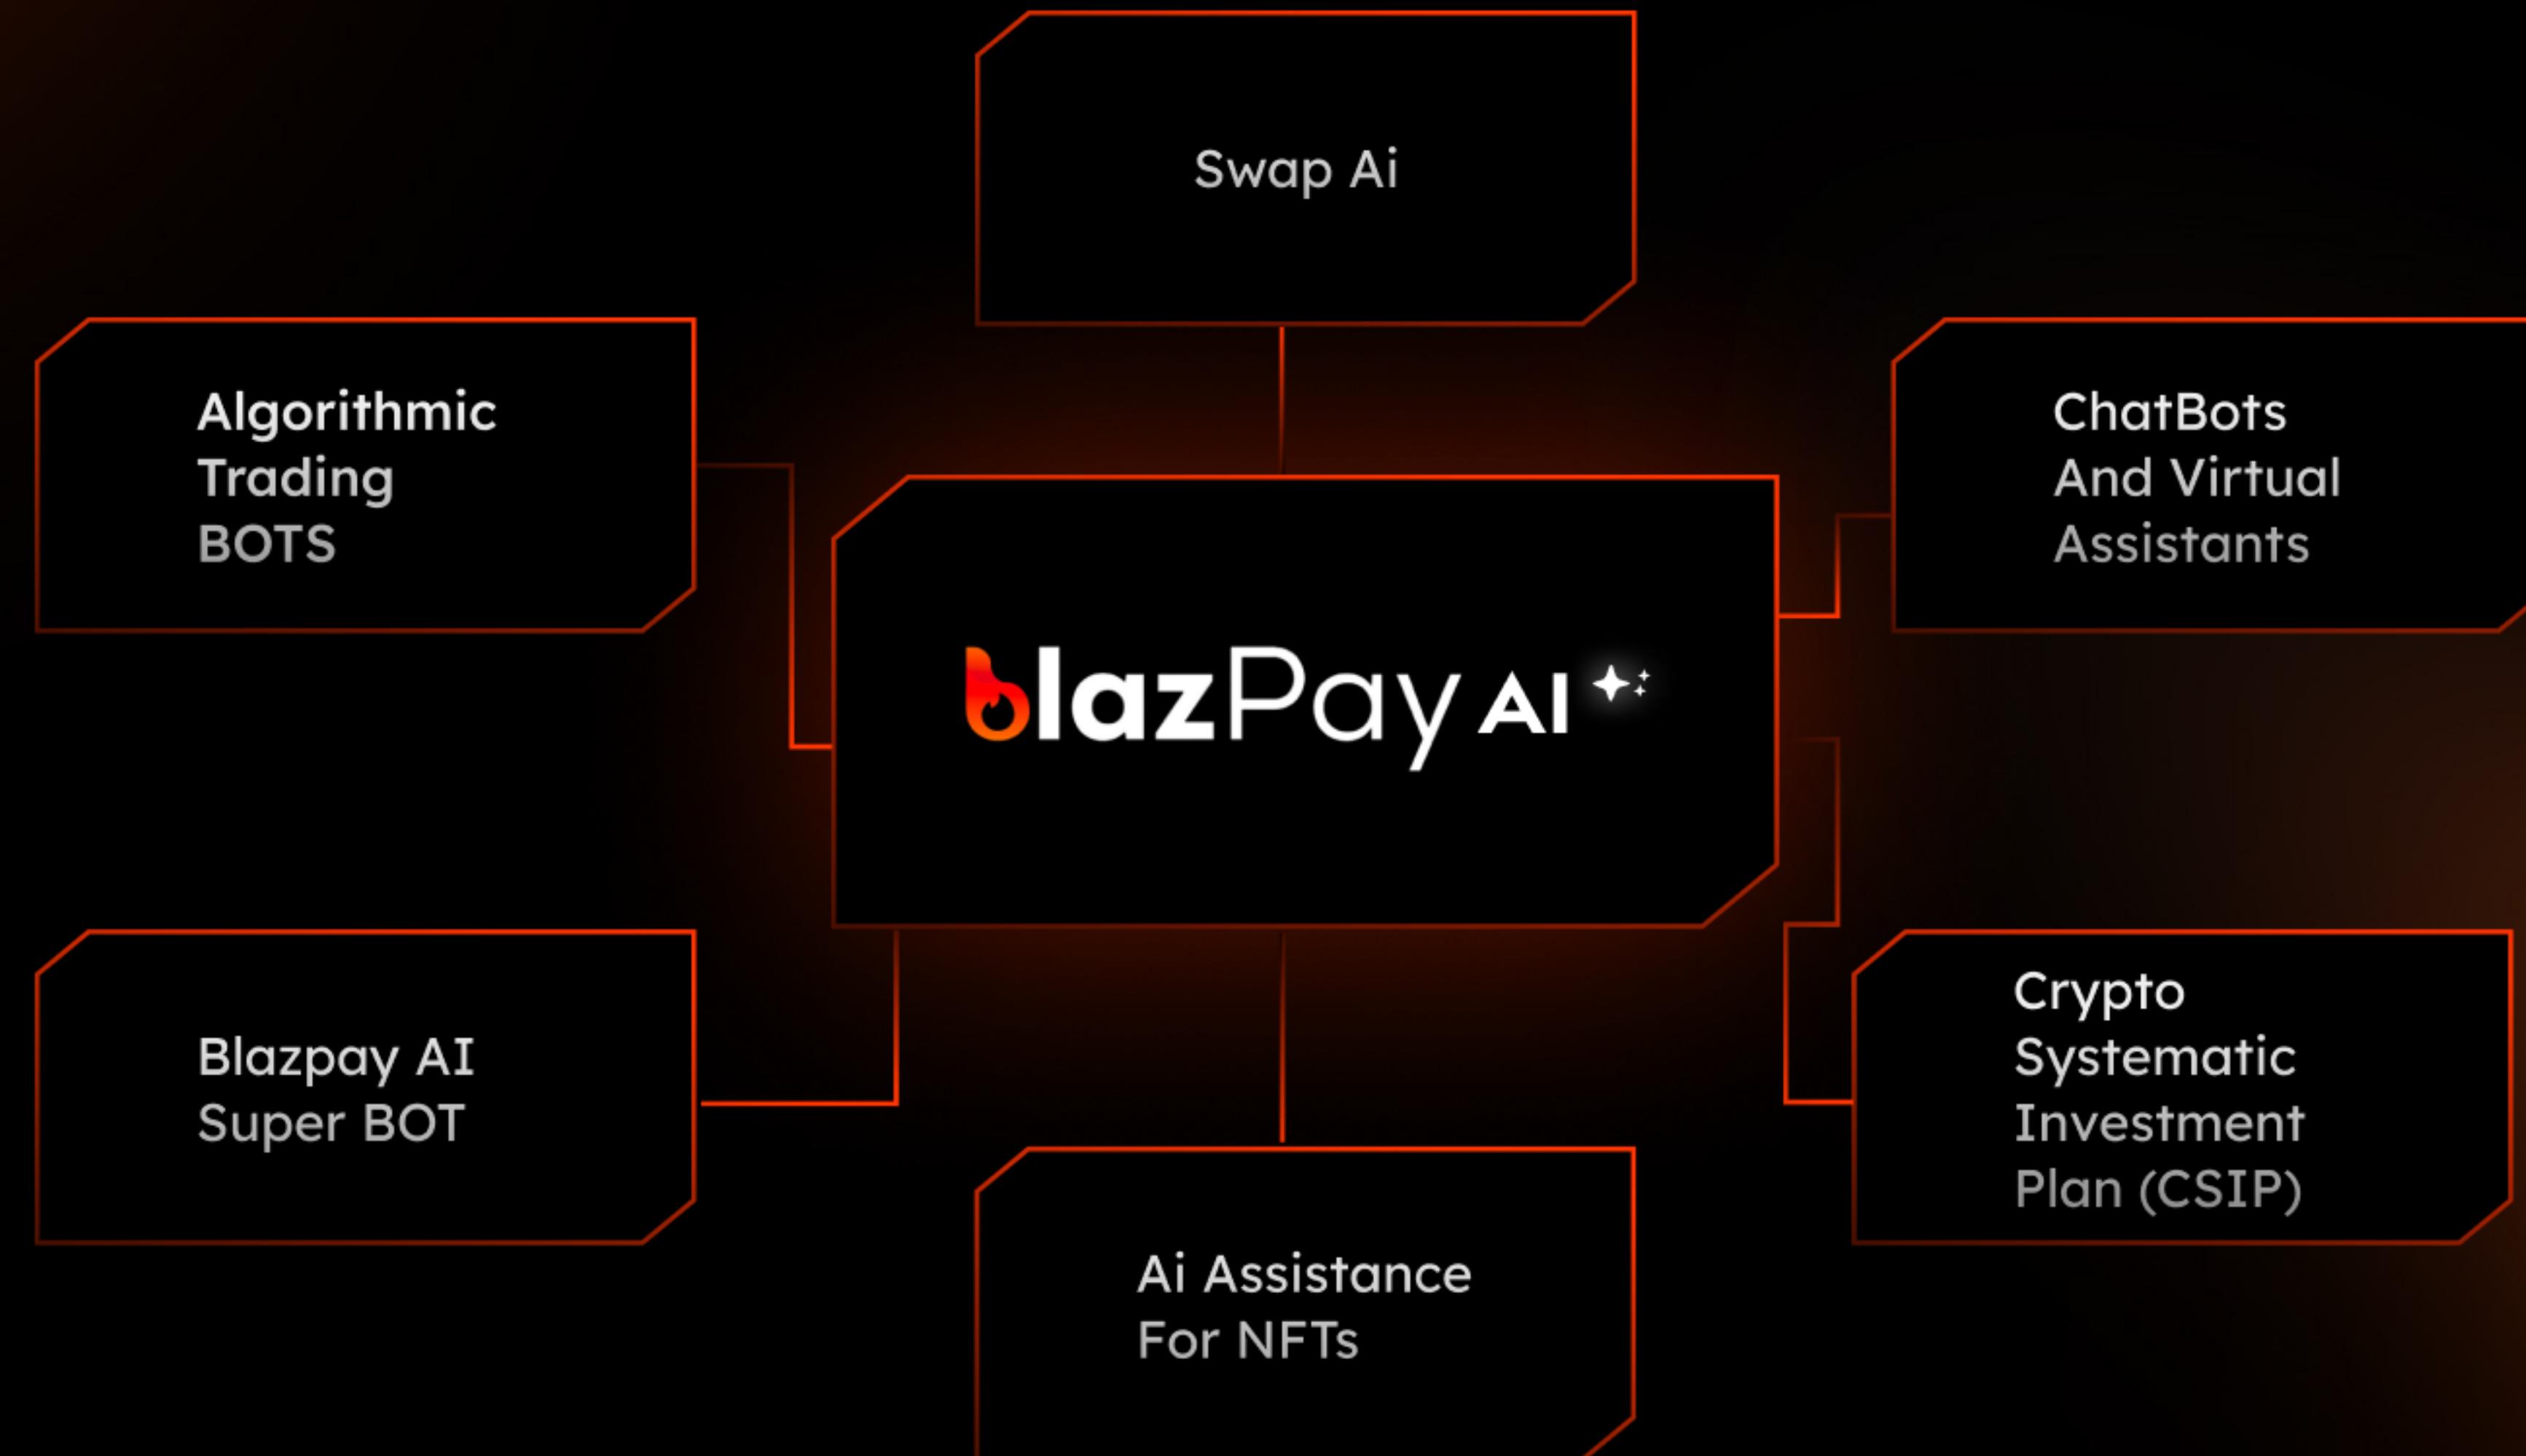

SOLUTION ➔

Blazpay, in its mission, aspires to amalgamate the entirety of financial solutions within a cohesive AI enabled platform, thereby facilitating the streamlined management of crypto assets for users and Business Owners.
